## ABOUT THE CONFERENCE

The 1<sup>st</sup> International Conference on Orthogonal Polynomials, Special Functions and Computer Algebra: Applications in Engineering will take place in Jaipur, India from March 5 to March 7, 2019 (arrival day is March 4). It is organized by the Anand International College of Engineering, Jaipur.

Conference provide a forum for mathematicians, physicists, and computational scientists to communicate recent research results in the areas of orthogonal polynomials, special functions and Computer Algebra with their Applications in Engineering. These play an essential role in analytical and computational investigations in applied mathematics as well as in engineering.

This Conference promotes basic research in orthogonal polynomials and special functions, as well as applications of this subject in other parts of mathematics, and in science and industry. It encourages and supports the exchange of information, ideas, and techniques between workers in this field and other mathematicians and scientists.

## ABOUT CIMPA, FRANCE

The Centre International de Mathématiques Pures et Appliquées (CIMPA), founded in France in 1978, is a nonprofit organization that promotes research in Mathematics in developing countries. Located in Nice, it is a UNESCO Category 2 centre and is part of the Laboratoire d'Excellence CARMIN (Centres d'Accueil et de Rencontres Mathématiques Internationales). It benefits from the financial support of France, Norway, Spain and Switzerland. CIMPA co-organizes and sponsors numerous activities in developing countries, in all continents.

## ABOUT ANAND-ICE

Anand International College of Engineering, approved by AICTE and affiliated to RTU, Kota was established at Jaipur in year 2010. The Anand Fraternity is delighted to extend a Warm Welcome to the Young Minds for the exciting journey of Education with a Difference. Anand-ICE, the place where we celebrate excellence and attempt to transform youth into professionals!

We groom our students in various streams of Engineering and accelerate a career-oriented training program to make these young men and women compete in extremely daunting professional situations. The Anand-ICE has probably the best Brains as Teachers and Scientists to facilitate premium Academic excellence along with the nuances of Ethics and Human Values.

Our placement policy assures 100% placements even the most challenging market downturns. All this could not be achieved without a state-of-the-art infrastructure. Anand-ICE is equipped with world-class facilities and laboratories which makes sure that the students get world-class practical learning enabling them to correlate theory with practice effectively. In short, The Anand-ICE does not leave anything to chance. We engage and energize students to deliver in the virtual world.
